ATTENTION:

Due to illness and unavoidable circumstances, the regular session will be rescheduled. The new agenda, once posted, will be sent to you. Sorry for any inconvenience.

Mayor Evans, City Manager McKeehan, and City Secretary Pendergraft. Staff illness is not a reason to shut down all of City Hall. Vagueness of what is unavoidable is also not a reason.

You are expecting the taxpayers to continue to pay for this is not acceptable. Where is the report from Hunt Co Health Dept that this is a communicable disease that requires a shut down?

Specifics are needed and are a priority. Mayor Evans should make a public announcement and make available to the citizens, with all of his contact information posted via City Hall boards and social media.
