The actions that have taken place the month of May 2023 and the intent to block voter elected officials is wrong. There are no means or methods to justify what has taken place.

Any form of additions, to the local government code to manipulate ordinances and contracts is without a doubt wrong, and comes with penalties. Blocking councilmembers from putting items on the Agenda, is clearly intent to stifle councilmembers from carrying out their duties to the voters and taxpayers and is a controlled narrative. TML has been informed of the situation and has provided the associated TLGC, in which you stifled council woman Spence from speaking at the 8/15/23 meeting.

TLGC Sec 22.038 The Mayor shall call a special meeting on the application of 3 council members

TLGC Sec 22.039 3 council members constitute a quorum

Sec 311.013 A grant of authority, to three or more persons, as a public body, confers the authority on a majority of the number of members fixed by statute.

Myself, previous Mayor Spence, and Mr Beatte, were subjected to these very rules during our tenure 2020-2022 and now these rules no longer apply. The choice is yours, as to whether or not, you will set the example to comply with the TLGC.

Please respond within a timely manner, due to upcoming pressing matters, that effect the taxpayers of our community.
