! High importance

I am requesting Mr Bernas be placed on the next agenda. The citizens and Republic Waste Trash customers, may hear about the trash services, and the increases or, rate hikes.

There have been numerous citizens wanting to know why there was a \$10 increase for the purposes of "BILLING FEE" and confusion as to exactly what is going on. We, the customers, do not appreciate "Surprise Billing" especially on something that is supposedly "Administrative" that our property, maintenance and operation taxes pay for already. It is important to the citizens who pay for EVERYTHING to know who they are doing business with and Republic Waste position in servicing us as customers.

I encourage and invite Mr Bernas, if blocked, from being placed on the next agenda, to be so kind as to attend a Council Session at his earliest convenience.

Respectfully,
