Hi Jerry, hope this finds you well.

As per our conversation on 05/15, 2023, I have attached the ordinances adopted by our council in a special session on Wednesday, May 31st, 2023.

The council's purpose for these ordinances is to preserve and protect any and all aspects of the city's critical infrastructure and its obligation to the debt to the

USDA. Some of these ordinances had been enacted in previous years but were repealed or

* replaced with the updated, necessary inclusions. Due to a previous council and the negative impact and interference with the city's business operations and obligations, the council found it imperative to safeguard against any existing vulnerabilities.

* The newly elected council, Mark Beatte, Rebecca Bernardi and Delores Spence, during their campaign, circulated a petition, promising, in return for votes, their intentions to lower the sewer rate to \$60.00 per month. The three (3) circulated this petition in person and through their Facebook pages. They falsely accused the administration of all kinds of crimes, accompanied with libelous accusations, on many levels, damaging the staff's reputations and credibility with the residents and other agencies the city does business with.

Hopefully these ordinances will assist in keeping our business running smoothly.

Our council are as follows: Mayor Darren Evans, place 1 Rebecca Bernardi, place 2 Mayor protem, Tiffany Taylor, place 3 Mark Beatte, place 4 Amanda Bodiford and place 5 Delores (Dotty) Spence.

Any communications between the USDA and the city of Hawk Cove will come from the city administrator, Rhonda Mckeehan (903-447-5330) (46 [REDACTED])
